

MAHDYAR KARIMI

OBJECTIVE

I am pursuing my engineering career through advanced studies in control systems and cloud computing. My goal is to contribute to research in intelligent systems and eventually become a university professor, sharing knowledge and inspiring future engineers.

EDUCATION

GUNMA UNIVERSITY,

B.Eng., Intelligent Control Program, APR 2024 – MAR 2026

- Conducting research in the **Kamal Laboratory** on cloud-integrated intelligent control systems for autonomous vehicles
- **Research Topic:** Development of a cloud-enabled Model Predictive Control (MPC) framework for vehicle platooning in urban traffic using AWS and CARLA simulator
- **Relevant Coursework:** System Design, Control, 3D CAD Design, Image Processing, Network Communications, Artificial Intelligence
- Studying under a fully funded scholarship by the **Takayama International Education Foundation** (extendable for master's program)

NIHON COMPUTER TECHNICAL COLLEGE, DIPLOMA,
INFORMATION PROCESSING DEPT., APR 2022 – MAR 2024,

- Studied under the **Japanese Government MEXT Scholarship**, Gained hands-on experience in **practical web and network systems, computer architecture, and database design**

OSAKA JAPANESE LANGUAGE EDUCATION CENTER,
Japanese Language Program, Apr 2021 – MAR 2022

- Completed a one-year intensive Japanese language course provided by the **Japanese Government MEXT Scholarship**

Phone: +818076290286

Kiryu city, Gunma prov, Japan

SKILLS

Programming and Web

development: Python, Java, C, MATLAB, CARLA simulator, JavaScript, TypeScript, React, Next.js, jQuery, Tailwind, SQL, Database design, Flask, Django, Git, Figma

Cloud & DevOps: AWS (Amazon Web Services), GCP (Google Cloud Platform), Docker, Kubernetes

Language: Japanese, English, Persian, Azerbaijani Turkish

EXPERIENCES

- **WonderPalette Inc.** – Full Stack and Infrastructure Engineer
Nov 2024 – Present
 - **Kyoshin Universal Campus** – English Teacher
Jan 2022 – Mar 2024
-

CERTIFICATIONS & ACHIEVEMENTS

AWS Certified Solutions Architect – Associate, Nov 2024

Takayama International Foundation Scholarship, Apr 2024

MEXT (Japanese Government) Scholarship, Apr 2021
